Maggie MEurocarrier 22

A strong and flexible performer in the marine construction field, the Maggie M has been exceeding client expectations since her launch in 2008. Her modern array of modern navigation and communication electronics is housed in her well-proportioned wheel house that offers all round visibility. She has already demonstrated her appetite for demanding projects and has taken part in the installation of long sea outfalls, jetty, port and harbour construction, offshore energy projects and all manner of marine construction projects.
