

**ENVIRONMENTAL POLICY STATEMENT ISO 14001:2015 Rev 01**

Gareloch Support Services (Plant) Ltd is committed to providing a quality marine support service to their clients, without having unnecessary impacts on the local and global environment. To minimise environmental impacts concerning our activities, products and services we shall:

- Gareloch Support Services (Plant) Ltd will, as a minimum, meet compliance obligations to which the organisation subscribes to which relate to it's environmental aspects.
- Gareloch Support Services (Plant) Ltd will strive to demonstrate a continual improvement in the Company's Environmental Performance and to prevent pollution, harm and degradation to the environment.
- Gareloch Support Services (Plant) Ltd will minimise any disturbance to the local and global environment and to the quality of life of the local community in which the company operates
- Gareloch Support Services (Plant) Ltd will periodically review their processes, operations and substances used, adopting Best Available Techniques (BAT), to ensure satisfactory environmental performance.
- Gareloch Support Services (Plant) Ltd will implement processes to determine external trends which will determine risk, threats and opportunities relevant to the EMS and applicable to their business strategy.
- Gareloch Support Services (Plant) Ltd will periodically audit and review its environmental performances to ensure the continuing effectiveness and relevance to the Company's objectives and targets.
- Gareloch Support Services (Plant) Ltd will display this Policy Statement within its facilities and it will be made available to all employees and others performing tasks for the company. The Policy will be made available to all interested parties.

This Policy Statement covers all Gareloch Support Services (Plant) Ltd support activities; these will include activities performed by sub-contractors on and off site which the EMS can influence. The statement is relevant to the scope of the EMS.

Signed .......... October 2021

James McGarry MD
